

Carrier Finder

HOW PROVIDERS SHOW UP IN CARRIERFINDER

Buyers, consultants, and agencies start with one question:
Who covers this address?

If your footprint isn't in CarrierFinder, you're invisible at that first step.
Here's how to change that.

- 1 Share**
Provide Lit Buildings, Fiber Routes
- 2 Normalize**
We validate and tag your sites with connection type and status
- 3 Get Leads**
Qualified requests tied to real addresses come your way
- 4 Update**
Send updated data on your cadence

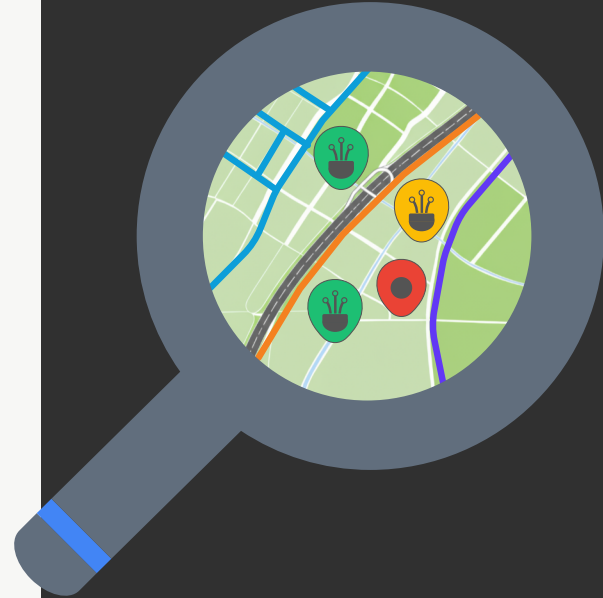

COMMON QUESTIONS

- Formats?** Spreadsheet, .KMZ, API
- Update Cadence?** You choose (ie. quarterly, yearly)
- Who's Using?** Buyers, TSDs, Partners, Agencies, Consultants
- But we use Connectbase?** Many carriers add us as a Subscriber to their Building List Manager. We'll keep it in sync.
- Cost?** Free to contribute data!
- Which Carriers?** National, Regional, Local

OVER 5,000 TARGETED SEARCHES A MONTH

- ✓ CarrierFinder directly – buyers sourcing by address.
- ✓ Agency API feeds – large agencies pushing CarrierFinder data to their partner tools.
- ✓ Multi-site searches – buyers evaluating dozens of addresses at a time.

BE WHERE THE BUYERS ARE

Visibility at the exact moment decisions get made.

- ✓ No cold outreach.
- ✓ No hoping someone remembers your brand or tools.
- ✓ Just being discovered, when and where it counts.
